COMMENCING AT 1.00 P.M., C.S.T.

J. W. DURNO, CALGARY — Auctioneer

FOREWORD

Much to my regret, the time has come, when it seems advisable to dispose of my entire herd of Shorthorn Cattle. This herd was founded in 1905 by my father, the late E. H. Muir, and is one of the oldest continuously established herds in Manitoba today.

The herd has been fully accredited for TB since the early twenties. All heifers have been vaccinated with Strain 19 for the past twelve years.

Over the period of years that it has been necessary to blood-test cattle entered in the annual sales, we have never had an animal positive. This herd is clean and we have a 100% calf crop this year.

The cattle featured in this sale will be the get of the following bulls:

CLIPPER KING

TIREE DRAMBUIE

KILLEARN NORSEMAN 59th

and five cows which were purchased in Ontario and one bred by Claude Gallinger. We expect to have all females of breeding age in calf to Kilburn Chieftain by sale date with the exception of one in calf to Tiree Drambuie.

It has been a pleasure to work with my fellow cattle breeders, individually and collectively, and I hope that this dispersal may be the means of starting new herds. My interest in Purebred Cattle will continue even though I no longer am actively engaged in raising them.

NEIL H. MUIR,
Tiree Farm.
